"That's it... not only am I not drinking several cases of Lon Lon Milk with Young Link again, I'm also not doing the same thing but with Bianca's Bean Burrito Burgers alongside Peach and Palutena... those things go right through me AND give me nightmares..."

Ness then proceeded to get up and look for new clothes to wear, with it still being the middle of the night, as the Smash Mansion was residing in the United States of Donald Trump. Little did Ness know that his 'nightmare'... was real.
